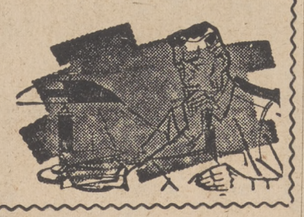
The DIMMER VIEW

by Max Goodwin



Cosa Nostra Meets F.B.I.

Every year the Federal Bureau of Investigation must ask for funds from Congress. The director of the FBI appears before the House Subcommittee on Appropriations and explains what he accomplished with last year's money and what he needs this year's funds for. It is, in truth, a justification report.

These hearings are far more informative than the day-by-day reports released by the FBI in that they give background, present status and the outlook for the future.

Such a hearing was held in April of this year and the boiled-down version covered more than 100 pages.

In it, a whole array of crime activity was revealed. The report covers, among other things: New Left movement; Students for Democratic Society; Communist Party-USA; Klan type organizations; Hate-type groups; Minutemen; Extremist Militant Black Nationalist groups; Juvenile delinquency; Espionage and counterespionage; anti-war activities, and Organized crime.

The latter, Organized crime, attracted our attention. From the report:

FBI investigations (1968) alltime high of 281 convictions including some of the most influential decisionmakers of organized crime. FBI staged 791 raids, arrested 4,102 persons. Violations included gambling, narcotics, illicit alcohol and prostitution and the seizure of more than $2 million in currency and wagering paraphernalia during the raids.

FBI investigations reflect that in the La Cosa Nostra organization there are 26 separate "families" with a membership of 3,000. These 3,000 control the criminal activities of many times this number.

Here are some examples of the scope and results of the Bureau's 1968 activities:

CONVICTED — Raymond Patriarca, identified as head of the La Cosa Nostra underworld structure in New England, in March, for utilizing interstate commerce to control regional gambling by force and violence including murder.

ARRESTED — Samuel Rizzo DeCavalcante, La Cosa Nostra "family" Elizabeth N.J. on charges of conspiracy to extort money from local dice hustlers.

CONVICTED — New York City in May, La Cosa Nostra "captain" Carmine Persico, an official of the Joseph Columbo "family" for hijacking $15,000 worth of textiles from a Brooklyn truck terminal.

ARRESTED — Two more "captains": James Plumeri, an official in the Thomas Luchese "family" and Peter DeFeo, official in the Vito Genovese "family" and others, for conspiring to share in a $47,500 series of kickbacks in an attempt to secure a $2,500,000 hotel loan from the Teamsters Union pension fund.

CONVICTED — Antonio Corallo, a La Cosa Nostra "captain" in June in New York City for bribery and conspiracy involving an $800,000 contract for cleaning a city water reservoir.

IMPRISONED — In the above case, former NWC Commissioner James L. Marcus.

CONVICTED — Carlos Marcello, head of Cosa Nostra in New Orleans in August for attempting to assault a Federal officer.

CONVICTED — William Daddano, fifth ranking hoodlum in Chicago's underworld for bank robbery.

ARRESTED — Stefano Magaddino, Cosa Nostra "commissioner", Buffalo, in November, with his son and seven other underlings, for operating an interstate gambling empire. FBI agents seized $500,000 in "ring" funds.

ARRESTED — Russell A. Bufalino, "boss" of the Cosa Nostra "family" around Pittstown, Pa., in December for conspiring to transport $23,000 worth of tv sets from N.Y. to Pa.

INDICTED — John Philip Cerone, Sr., in Feb., for gambling activities throughout the U. S. Cerone was called "commissioner" of Chicago Cosa Nostra after Sam Giancana fled the country. Sam Battaglia held the post a short time but he was convicted for extortion from a Chicago contractor.

CONVICTED — Mobster Joseph Riso, in Feb. in Chicago for possession of a $350,000 painting stolen in 1966 from St. Joseph's College at Rensselaer, Ind.

CONVICTED — Maurice Friedman, former partner of Chicago rackets boss William Daddano, in June, on a theft from interstate shipment of $500,000 worth of stolen drugs, medical supplies and electrical appliances.

ARRESTED — 16 persons engaged in betting and "layoff" operations from Great Lakes to Gulf of Mexico financed by Cosa Nostra funds.

CONVICTED — West coast rackateer John Roselli in Los Angeles in December for crooked gambling games at Beverly Hills Friars Club utilizing peepholes and electronic devices. Roselli, described as the underworld's "contact man" in Hollywood, was convicted in May for violating various alien registration laws.

CONVICTED — Ernest Sansone, in Feb., a top Chicago hoodlum, for fast dissemination race track service.

PENDING — 30 cases involving thefts of securities from brokerage houses.

It should be noted that the La Cosa Nostra leadership was thrown into a state of confusion in the New York area with the death in Feb. of Vito Genovese at a Federal prison following a 15-year sentence after a 1959 narcotics conviction. Interim leadership was vested in the hands of Gerardo Catena in New Jersey and Thomas Eboli in New York.

Not included in the report because it happened several years ago was the planned round-up of most of the Cosa Nostra leaders at a planned "summit" meeting at a bowling establishment in the East San Diego area.

The leaders were tipped off by a Lemon Grove woman who became suspicious after she attempted to "confirm" the number of "ladies" she was to supply for the "summitmen". Unfortunately she called the Cosa Nostra headman that police had impersonated. He tipped off the rest and the raid gathered in only a small number of ignorant small fry.

Incidentally, J. E. Hoover asked for $232,855,000 — a rather small amount when we compare national security with foreign aid.

Fallout From Moon Landing

The joy of Americans over the successful landing on the moon manifested itself in many ways, and most of these ways were purely American.

In Lemon Grove, this newspaper instructed the two girls who were answering the phones and distributing the calls that day — the beauteous Carlene Hustad and the lovely Lana

Palm Ave. Residents To Study 'Facts' On 'Grounded' Utilities

A public information meeting concerning undergrounding utilities along Palm ave. in Lemon Grove has been scheduled for 8 p.m., August 13 at Palm Junior High school.

The meeting is being sponsored by the Palm Avenue Citizens' League. James Wermers, general contractor, of 8060 Palm ave., is chairman.

He said that representatives of the County Engineers Department; representatives of each of the utilities, and an electrical contractor, would be present to explain the project and to answer all questions.

The project, which runs the entire length of Palm ave. from Imperial to the point where Troy and Palm intersect, was first publicized in a letter from County Engineers early in June. The letter explained that Palm ave. would be improved to four traffic lanes in 1970. Undergrounding should it be desired, could be done far less expensively at that time than ever again. The savings would come in the form of the laterals which would be dug at no cost to property owners when the thoroughfare is reconstructed. Removal of the utility structures would likewise be made without cost to the owners at that time.

The Public Utilities Commission ordered utilities to budget funds each year for undergrounding and beautifying. Utilities may use the funds in any area of their choice. The cost would rise astronomically after the road work is done, it was pointed out.

The only cost to the property owner is his cost of digging and backfilling a trench and whatever rewiring is required to accept the underground service. The latter has been estimated at $130 by a Palm ave. resident. It could be more or less.

The County will pay property owners for whatever land is required to widen the right of way to 64 feet.

Completed, Palm will have four 12-foot traffic lanes. It will have an 8-foot paved parking shoulder; a cement-asphalt dike, and a four foot graded walkway on each side.

Driveways now existing will be shortened where necessary. That part in the right-of-way will be reconstructed with asphalt-cement. That part on the owner's property will be repaired with matching original material.

The underground conversion project will carry the force of a district because it will be formed by the Board of Supervisors. It would be formed for the purpose of establishing boundaries within which no overhead lines may be hung rather than for taxing, according to the County Co-ordinator of the Engineers Department. It would require each building on Palm ave. to conform to the undergrounding.

One exception will be ornamental light poles which will replace the wood poles in the Palm ave. Lighting District. This conversion will be made at no cost to the Lighting District.

Palm trees, in the right-of-way will be moved rearward on the property to preserve the tree lined appearance of the street, County officials said.

While the improvement

LG Chamber Has $ Crisis

The Lemon Grove Chamber of Commerce will be closed the last three weeks in August in the cause of economy, president Frank Shughrue announced Tuesday.

He said the treasury had $250 in it, enough to cover current obligations.

Shughrue said that chamber membership was stable at about 86, but due to the increased cost of operation the crisis had arisen.

Incidental expenses involved in greeting visitors from Ruislip, England, in August will be borne by individuals, Shughrue said.

The visitors, Mr. and Mrs. Howard Fisher, are members of the Ruislip Chamber of Commerce. The Lemon Grove Chamber and the English one formed a sister relationship several years ago and have exchanged communications and gifts many times during the years.

BIRDS MAY LOSE RESTING PLACE — Mr. and Mrs. James Wermers, of 8060 Palm ave., Lemon Grove view the overhead wires that will go underground if a combined utilities-County project is approved. Undergrounding of electric and telephone wires would be made when Palm ave. is widened to four lanes in 1970. Wermers is chairman of the Palm ave. Citizens League and will conduct a meeting at Palm Junior High school Aug. 13 at 8 p.m.

Jamul Couple Fined $5,000; Jailed for Horse Stealing

SAN DIEGO (CNA) — A former Jamul couple were sentenced to state prison Monday by Superior Court Judge John A. Hewicker for horse stealing.

They are Donald Lewis Hess, 39, and Terry Lee Hess, 40, who were arrested in Phoenix.

They were found guilty by jury of five counts of grand theft and forgery and the prison term is up to 14 years.

According to the probation report, when the Hesses were living at Rt. 1, Box 111, Jamul they sold Mr. and Mrs. John and Clara Hendrix, National ave., a mare represented to be a purebred Arabian named "Ingaia."

The Hendrixs' had paid $550 on a $1,000 contract when they realized they had a mare worth at the most, $250.

The D.A. said the Hesses had forged registry papers and a bill of sale. The mare In-

Palm-Troy Land Slated To Go for New Freeway

The Lemon Grove triangle of land bounded by Palm, Sweetwater rd. and Troy st. contains seventeen buildings—most of them modern and recently built.

When the State constructs route 125 — roughly 200 feet west of Sweetwater rd. — there will only be six. All the rest will be removed to make way for ramps and new alignment of access roads, and, of course, the new freeway.

State Division of Highways officials could give no date for the project. Much depends on when state and federal funds become available.

One guess — and it was labeled strictly a guess — is 1977. Acquisition funds have not been provided for the remaining eleven buildings. Those to remain are the homes of Max Goodwin, Walter Weber, and Virginia Lindsey in the west part of the triangle. These are at 8504, 8534 and 8550 Palm st.

Route 125 will cut the triangle in half. The base part, between the freeway and Sweetwater rd. will leave three homes also. These will be the homes of Dorothy Hurley, at 8590 Palm; I. B. Willis, at the corner of Palm and Sweetwater, and T. O. Moe, 2730 Sweetwater.

Under present Division of Highways plans, Palm st. east will end in a cul de sac about halfway down the hill. From Sweetwater, west, it will end abruptly at the second house with a T turnaround arrangement.

Troy will be realigned east from Golden ave. taking four homes out between Golden and the Troy-Palm intersection. Halfway from that point to Sweetwater, on-off ramps will be built. A knoll of homes, seven in all, just north of the present Palm-Troy intersection, will be left intact except Troy street will be on the north side of the knoll instead of the south.

On Sweetwater rd., south of the triangle, the freeway will cut the Mukai farmland in half, slanting slightly to Sweetwater until it joins with open land in front of Mt. Miguel High school.

This land was set aside when the subdivision surrounding the school was built.

Maps may been seen at the Division of Highways offices in San Diego.

There will be 3 performances starting at 1 p.m., 5 p.m. and 9 p.m.

All citizens are urged to attend this event and support the committee efforts to bring a YMCA into the area.

Land has been donated for a building site and committees have been formed. We need your support.

Valley Clean-Up Campaign Success

Spring Valley is much cleaner after a highly successful two day clean-up campaign, sponsored by the S. V. Community Council.

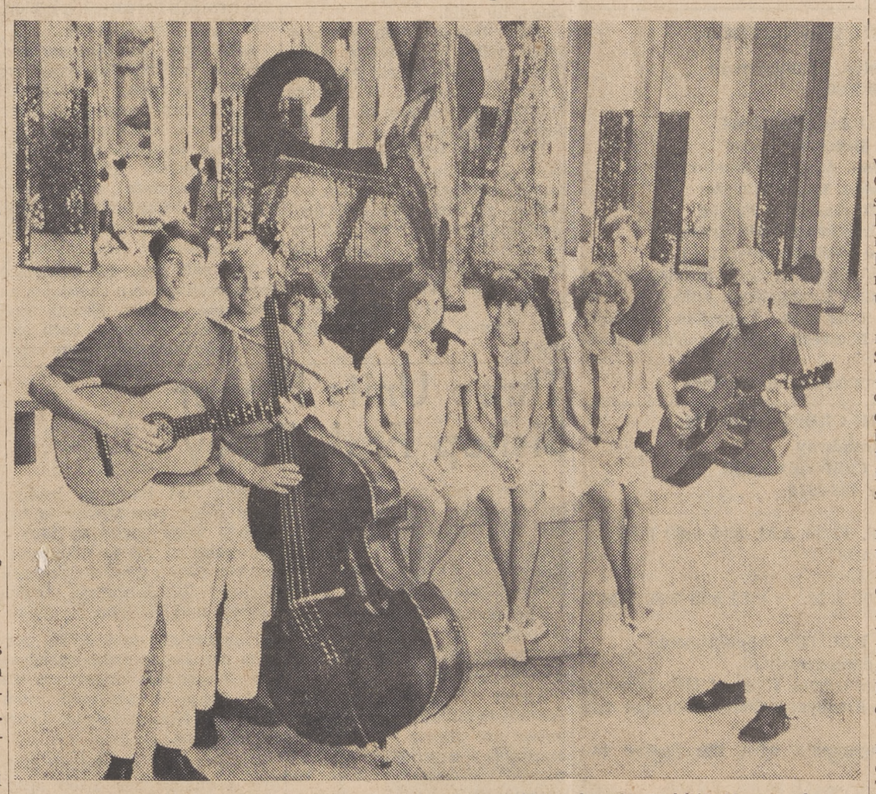
Sani-Tainer, Thomas Disposal and Dependable Disposal estimated that 115 tons of extra trash was collected during the two day clean-up period last weekend.

The majority of the excess consisted of old water heaters, refrigerators, washers and old unused items that people just never had the opportunity to haul away before last weekend.

The Community Council was elated over the report. They would like to thank all of the disposal companies and the San Diego County dump disposal and the residents who took advantage of the two day event.

Special thanks goes to Gill Ray, Ron Young, Frank Wilson, Ed Carson and Mac of Mac's Drive-in for the use of their areas to place the containers.

This is going to be a yearly event and it is hoped that in the coming years it will be as successful as this one.



CONTEMPORARIES— Eight Mt. Miguel High school students make up The Contemporaries, a singing group sponsored by the First Baptist church of Lemon Grove. In the photo are Mike Hawes, Charles Higgins, Diane Kleinschmidt, Debbie Hawes, Leesa Taylor, Rae Taylor, John Hook, and Don Kleinschmidt. The Hawes and Hook youngsters live in Spring Valley; the rest in Lemon Grove.

Local Singers Will Tour U.S. And Bahamas For Baptist Church

"The Contemporaries", a local teenage singing group from the First Baptist church of Lemon Grove, leaves Friday for a three-week coast-to-coast tour enroute to the Bahamas.

The group will work three days with Southern Baptist missionaries in the Bahamas. Concerts will be given in 20 cities across the nation including Ft. Worth-Dallas, Miami, St. Louis, Kansas City and Nashville. Mr. and Mrs. Bill Hawes will accompany the group.

The eight teenagers have performed for school assemblies, colleges, civic clubs, area churches, and at various shopping centers. Their first stereo record album, "The Contemporaries Sing to a Searching Generation" is available at the church and local music stores.

In the group are Diane and Don Kleinschmidt, Ree and Leesa Taylor, Mike and Debbie Hawes, Charlie Higgins, and John Hook — all students at Mt. Miguel High School.

Sewer Tax Rate Cut Seen Here But Owners Will Pay Clog Bill

Sanitation district taxes will drop slightly in Lemon Grove and Spring Valley — if sanitation district bigwigs have done their homework right. The cost of unclogging laterals, however, has been made the owner's responsibility.

Joseph Rushing, assistant director of the Department of Special District Services, said Friday that a reduction of one cent in Lemon Grove and four cents in Spring Valley was probable. It all depends on how the assessor has performed in the two communities, he said.

It is possible that the rate may be higher or lower than the estimate Rushing gave Friday. He said the Lemon Grove rate would probably be .166 for each $100 assessed valuation; down a cent from last year's .176. The year before it was .136 — three cents lower than this year's estimate.

In Spring Valley the new rate will probably be .291, down .016 from last year's .307. The year before it was .326.

Based on a $2,500 assessed valuation Lemon Grove residents would save twenty-five cents a year. Spring Valley residents will save about forty cents each year.

Sanitation district savings may be small when compared to the higher cost of increased assessed valuation. Most properties in the L.G.-S.V. area have suffered at least one increase during the past year and in some cases increases have come twice.

Also added to the burden of the property owner is the Board of Supervisors new ruling approved in May and effective this month that makes it the property owner's responsibility when sewer laterals are clogged.

The requirement is that the property owner must now get a plumber and pay for the uncorking. Previously, the district did it.

Plumbers recently demanded $18,000 a year, a four day week and a seven hour day. The issue has not been resolved.

Trib Circulation Manager Killed

John C. Terzian, 37, circulation manager of the San Diego Evening Tribune, was killed early Tuesday morning when his car went out of control in Spring Valley and tumbled 150 feet down an embankment.

Terzian was found dead beside his demolished sports car.

The California Highway Patrol said Terzian was northbound on Sweetwater rd. between Lamar st. and Broadway and lost control of the auto on the curve.

He lived at 3566 37th st. in San Diego. He is survived by his widow, Barbara.

Employers' Tax Deadline Nears

Employers have an important tax deadline today, according to F. S. Schmidt, District Director of Internal Revenue Service for Southern California.

This is the last day for reporting and paying both social security and withheld income taxes for the quarter ending June 30, 1969.

Employers should report these taxes on the IRS preaddressed Form 941 mailed them. They have until August 11 to file their return provided their quarterly tax liability has been fully and timely deposited in a Federal Reserve or authorized commercial bank.

The completed Form 941 should be mailed to Internal Revenue Service Center, Ogden, Utah, 84405. Further information can be obtained by writing for "Employer's Tax Guide," Publication 15. Requests should be mailed to Internal Revenue Service, P.O. Box 1711, Los Angeles, 90053.

Pastor Sells Personal Library To Aid S.D. 'Ghetto Ministry'

The personal library of a Lemon Grove minister will be offered for sale with the proceeds earmarked for a nearby "ghetto ministry."

The Rev. Thomas Parnell Warmer, pastor of the Lemon Grove Methodist church, said Friday that his library of 1,500 volumes would be sold to aid the Chollas View Methodist church and the Good Neighbor Center.

Following church service Sunday the books will be purchased on the patio of the church's Education Center. Included are books of 20th Century theology, biblical studies, sociology, psychology, and some novels. Some of the books are rare and out-of-print inherited from his late father's library.

He said the books represented his dearest possessions but that his personal concern for "ghetti ministries" induced him to place the books on sale.

Pastor of the Chollas View church is the Rev. Ed Hansen. "Those of us who feel strongly about sacrifice and involvement should put ourselves on the line. Because of my personal concern for Ed Hansen and his ministry, I decided to offer things which are precious to me," Pastor Warmer said.

Christian Church Dedication Set For 2:30 Sunday Afternoon

A week of evening services will follow the Sunday dedication of Lemon Grove's newest church.

The Christrian church, at 6970 San Miguel ave., will be dedicated Sunday at 2:30 p.m. at a ceremony to which the public and local notables have been invited.

Dr. John T. Chase, pastor of the church, will preside over the dedication ceremonies.

A week of evening services will follow with this schedule:

Monday: Elmer Jenkins, former minister of the church, and now at the Poway Christian church

Tuesday: Richard Osmess, of the Yucaipa church

Wednesday: Al Karges, of the Escondido church

Thursday: Richard Temple, of the Lakeside church

Friday: William Johnson, of the El Cajon church

The church nominally has services on Sunday at 10:45 and 7 but there will be no evening service on the day of the dedication, Dr. Chase said.

The church was established here in 1963 with Pastor Jenkins as founding minister and from 1964 to 1969 meetings were held in the Seventh Day Adventist building in La Mesa.

Dr. Chase was called as minister in March of 1968.

In June the church received a gift of $14,000 which was used to purchase the new site in February, 1969. Construction on the $150,000 facility started on March 18 and an Easter Sunrise service was held on the concrete slab. Inaugural services were held July 6.

The church sanctuary has a capacity of 285 persons. Bible school accommodates 150; a young people's class, 25, and a nursery facility for 15.

Dr. Chase completed 17 years of preaching in Downey at the time he was called to Lemon Grove.

Prior to that, he and Mrs. Chase spent many years serving in Japan and Korea. The couple entered Korea in 1936 after nine years of church work in Japan. As a result of their work in Korea there are now 5 orphanages, 3 Bible colleges and more than 100 churches there, Dr. Chase said.

Dr. Chase said the new church would "serve the entire community for whatever its needs in the spiritual area."

About the church building program, Dr. Chase said, "It was a marvelous job the committee did. Never was there a cross nor unkind word spoken. The co-operation of all the committee and members has been outstanding."

DR. J. E. DETZER

Dr. J. E. Detzer Takes Post At Eastern College

Dr. Jordan Detzer, former minister of the Lemon Grove Methodist church, announced this week that he will assume the duties as chairman of the Department of Philosophy and Religion at a college he said he will name later.

Dr. Detzer, presently living in San Luis Obispo, has been instructing Philosophy, Ethics and World Religion at Cal. Poly, he said.

He has written two books on world religion and inaugurated courses at Cal. Poly that now has three classes with standing room only in each class, he said.

The Detzers two younger sons will be moving with them. Ron, the oldest son is a junior at U. of A. at Tucson. David is a freshman at U.C. at Santa Barbara.

The move, which Dr. Detzer said is "about 2,000 miles away" promotes him from associate professor to full professorship, a goal he said he has sought since beginning his doctoral work 21 years ago.

The Rev. Thomas Parnell Warmer is now minister of the Lemon Grove Methodist church.

Susan Starbuck To Adventist Parley

ZURICH, SWITZERLAND — A local resident, Susan Starbuck of Lemon Grove, attending a giant World Youth Congress of Seventh-day Adventists here heard a world leader of the denomination declare that "Young people who blow their minds with 'acid' will find no answer to their problems. The only answer is the world's greatest problem solver — Jesus Christ."

Attending the opening session of the five-day conclave which is drawing some 20,000 youthful representatives from more than 100 countries, Susan met in Zurich's massive flag-bedecked Hellenstadion for the keynote address by Theodore Carcich, Washington, D.C., world vice president of Seventh-day Adventists.

She sat next to delegates from such diverse countries as Romania, Japan, Brazil, and Tan Zania. Flags of both eastern and western nations were massed side by side in the giant sports stadium in which the conclave is being held.

"Someone else was here before you," Carcich told the delegates in his keynote address, "and He met the problems you and youth around the world face today. Your problems will not be solved by pulling the Establishment down on your heads, but by accepting the problem-solving way Jesus Christ taught when He walked earth's paths."

Telling the congress delegates that youth flies away quickly, Carcich urged that "Youth is the time to run, and run hard, in the Christian race."

During the opening session of the conclave, Susan heard music by choirs from Poland, Yugoslavia, and America, a nurses' quartet from Berlin, and a soloist from South America.

On Wednesday, July 23, she saw youth presentations from Africa, Central Europe, and the Far East, and heard, besides several talks by church youth leaders, a discussion on dope addiction, sex, and materialism, and how they relate to Christian youth, by a leading European physician.

Susan left Zurich July 26, concluding day of the conclave, the first of its kind ever held by Seventh-day Adventists.

Susan lives at 1925 Massachusetts.

Always and Everywhere

Let no one imagine that it is a strained and unnatural thing for one to pray. The contrary is much closer to the fact. It is far more unnatural for one not to pray. Prayer is one of the most natural of human instincts. Prayer is man's response to the divine will.

IRS TAX ANSWERS ?

F. S. Schmidt, DISTRICT DIRECTOR, INTERNAL REVENUE SERVICE

This column of questions and answers on federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q — What's the Social Security tax rate now for household help?

A — The tax rate is 4.8 percent for the employer and 4.8 percent for the employee. Employers liable for this tax for the second calendar quarter (April, May, June) should file a Form 942, Employer's Quarterly Tax Return for Household Employees, with a check covering both the employer's and the employee's contribution by July 31.

Q — What records do I need to support a deduction for a theft loss?

A — Your records should show the date the theft was discovered, the cost basis and fair market value of the stolen property, the amount of the insurance or any compensation received or recoverable, and proof of your ownership. You must also be able to establish that the property was actually stolen and not lost or mislaid.

The amount of each theft loss of nonbusiness property is deductible to the extent it exceeds $100. The loss must be reduced by insurance or other compensation received.

Q — If my son goes to work for me should I treat him as my other employees for withholding purposes?

A — Yes, his salary is subject to the same withholding requirements as your other employees if he is 21 or over. If he is under 21, do not withhold Social Security taxes, but do withold income tax.

The salary you pay your son can be treated as a business expense to the extent it is what you would pay a person not related to you for performing the same services.

Q — When I moved I gave the post office my new address, but my refund still hasn't come. What should I do now?

A — Write your regional IRS service center giving your name, present and former address, Social Security number, and date of filing. If it is more convenient, call your local IRS office for help.

Q — Can you lose your tax deduction for a business trip overseas if you take a vacation at the same time?

A — It is possible for your deduction to be less on a combined business and pleasure trip overseas.

Under certain circumstances, the cost of travel, including meals and lodging, to the place of the business meeting and back to the taxpayer's home will not be allowed in full as a business deduction because those expenditures would be allocated between the business and vacation portions of the trip.

MARRIED — Mary Elizabeth Hein and Donald Dean Dengerink were married June 21 in Whittier Hills Baptist Church in Whittier.
The bride, daughter of Mr. and Mrs. John F. Hein, 1411 Ybarra rd. in Spring Valley, is a graduate of Biola College and teaches at William Neff High School.

Mrs. Dengerink was attended by her sister, Joyce Hein, the maid of honor, and bridesmaids Donella Jungkeit, Jean Denqerink and Linda Ansley.

The couple is at home to friends at 11506 Obert ave. No. 6 in Whittier.

Learn Spanish the Easy Way

Hardison's Telespanish

by James Hardison

Is it true that there are three different types of verbs in Spanish? If so, what are they and what is the difference among them? Would you also give some examples of the three types.

It is true. Spanish verbs are seperated into three major groups which are called conjunctions. The major difference of these verbs is reflected in the verb-ending. First conjugation verbs end in "ar," second conjugation verbs end in "er," and third conjugation verbs end in "ir."

Examples of first conjugation verbs are found in "cantar" (to sing), "hablar" (to speak), and "tratar" (to treat). Each one ends in "ar."

Second conjugation verbs are "comer" (to eat), "beber" (to drink), and "leer" (to read). You will note that these verbs end in "er."

Third conjugation verbs, "vivir" (to live), "salir" (to leave), and "dormir" (to sleep) have "ir" as the two ending letters.

Most of the above verbs from the three conjugations may be changed to the first person form by removing the last two letters and replacing them with the letter "o". Thus "canto" (I sing), "bebo" (I drink) and "vivo" (I live) become first person forms.

Third person forms of these verbs are not consistent, that is, from one conjugation to the other. "El canta" (he sings), "el bebe" (he drinks), and "el vive" (he lives) are examples.

Today's practice phrases below contain several of the above verbs in their conjugated form. See if you are able to learn them faster with the help of the recorded voice that says them for you when you dial 276-2762.

IMPORTANT PHRASES:
Say "Canta usted?" (KAHN-tah oo-STEHD) for "Do you sing?"
Say "Yo no canto." (yoh noh KAHN-toh) for "I do not sing."

USEFUL PHRASES:
Say "Que come usted?" (keh KOH-meh oo-STEHD) for "What do you eat?"
Say "Yo como pan." (yoh KOH-moh PAHN) for "I eat bread."

Needed: Calcium — You can't afford to neglect calcium-rich foods, just because your bones are full size. Calcium can be withdrawn from the bones during adult years if your food does not provide enough for all your needs. Calcium is needed for normal blood clotting, and for healthy nerve and muscle action, as well as for bones, the Dairy Council of California informs us.

Backyard Swim is an activity designed to teach elementary school children basic fundamentals of water safety under the supervision of qualified instructors. Since its beginning in 1956 the plan has been responsible for allowing over 75,000 students nationally to successfully complete the course without a fatality.

Mrs. Robershaw is being assisted by six instructors and four pools are being donated by local residents for the ten-day, two-week sessions.

Pool donors include Mr. and Mrs. R. L. Jump, 2210 Alton pl., Mr. and Mrs. Dwight Putnam, 3055 Crane, Mr. and Mrs. D. Ackerman, 2318 DiFoss, and Mr. and Mrs. B. Gatshall, 2720 Palm lane.

Instructors are Colleen Eidson, Mary Kay Martin, Mary Jane Tupper, Jean Middleton, Edna Coker and Kathy Obendorfer.

All instructors have passed a rigid training course and all pools have met the required safety standards established by the Red Cross.

Locally, more than 350 students have completed the program since its inception here in 1962. Last year 19 children received water safety certificates.

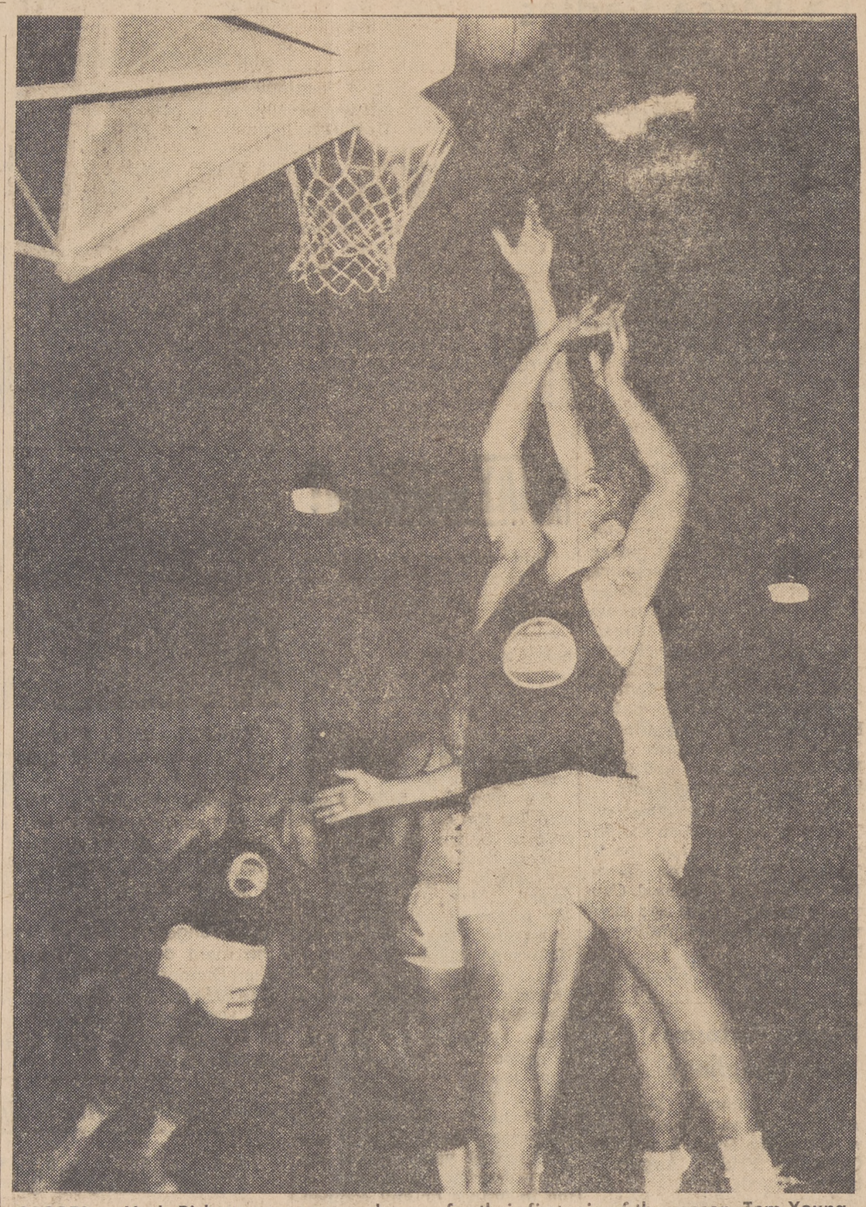
Jr. Miss Stakes For Del Mar Oval

DEL MAR, Calif. — First major test of the summer season for older handicap stars will headline Saturday's Del Mar program with the 28th running of the $20,000 San Diego, a mile and a sixteenth steppingstone for the rich Del Mar Handicap later in the meeting.

The preceding day, Friday, will see the 18th renewal of the $10,000 Junior Miss Stakes, a six furlong battle designed for 2-year-old fillies with championship aspirations.

Quicken Tree, Louis Rowan and Wheelock Whitney's gelding named California "Horse of the Year" in 1968, will make his seasonal debut in the San Diego. The son of Royal Orbit has been unraced since the Santa Anita winter meeting but has been brought along admirably for Saturday's event. He worked a smart mile in 1:38 4/5 last week at the seaside and that should fit him for the test ahead. A year ago, Quicken Tree equaled the world's record of 1:46 2/5 in winning the Del Mar Handicap at nine furlongs.



SCORES — Mark Ricketts squeezes under a Mission Bay player to put in two points for Mount Miguel during Summer League basketball action. The Matadors outscored the Bucs, 50-27, for their first win of the season. Tom Young looks for a possible rebound. Coach Dick Ridgway, his team wiped out by graduation losses, has started at least three freshmen in each game.

Hoopsters Smother Lancers, Chiefs

By SCOTT McGAUGH

The Monte Vista High School summer basketball squad continued in their quest for their first summer round baller championship by downing both of their opponents last week.

The Monarch roundballers handed the Hilltop Lancers a 68-45 defeat and then came back with a 85-64 conquest of the Clairemont Chieftains.

As has been the case all season, Jim Bristol led the Monarchs at both ends of the court while Bill Belander, an all-league guard, has also enjoyed an excellent summer.

Monte Vista is currently two games in front in their conference. Helix, Hoover, and Lincoln are all tied for second with identical 7-3 records.

The summer league title is within reach of the Monarchs as Monte Vista has already beaten the leader of the other summer conference in Madison 21 points.

If attained, it will be the first basketball championship of any kind for the Monarchs of Monte Vista.

Gary Earle, the mainstay of the Jayvee squad of last year as a sophomore has had a generally good season as the summer squad is comprised of returning Varsity players and highly-rated Jayvee players.

The Monarchs will close out the season Tuesday against the Hornets of Lincoln. Tonight they will take on the El Capitan Vaqueros at 5 p.m. in the San Diego Municipal Gym.

Year-round Swimming Offered

The Ira C. Copley Memorial YMCA offers a program of year 'round swimming instruction for pre-school age boys and girls.

The safest thing around the pool is a child who can swim, and even the very youngest children should know water safety rules. That's why the Copley YMCA has a special program that teaches boys and girls from 1 year thru 5 years how to swim.

Capable, qualified instructors carefully guide the 1 to 2½ year olds through the proven methods of water training for the very young. At the age of 3½ thru 5, the child works in a group of his peers, and Mother and Dad may watch his progress through the large windows overlooking the Copley YMCA's indoor heated pool.

Classes are held twice weekly, Monday and Wednesday or Tuesday and Thursday.

You can rely on the Copley YMCA for the very finest instruction for small children. It's a specialibed field, and the instructors at Copley are experts.

New classes will begin shortly, and registration for new students will be July 25 from 9 a.m. to noon.

For complete information about these new classes in swimming instruction for children from 1 to 5 years of age at the Copley YMCA call 283-2251.

Matheny, Mt. Miguel Runners Score in Pt. Loma 10-Kilo Run

Several local entries placed high in the fifth annual Point Loma 10-kilometer run this weekend, including 10 years worth of Mount Miguel High School running talent.

Dave Matheny, a Monte Vista High graduate, was second in the run, which stretches through 6.2 miles of scenery on the point.

Matheny ran the distance in 32:35, bettering the previous meet record by ten seconds. Winner Bill Gookin of the San Diego Track Club won the race in a record 32:08.2.

The old mark was 32:35.4, set by Doug Sailors last year.

Mount Miguel's Gary Heiserman was eighth in the race, running 34:24. Heiserman, a 9:55 two-miler during track season, will be a senior at Miguel this fall.

Randy Cremer, a former Mt. Miguel runner and also a Cal Western graduate, made his return to the local running scene after a short absence, running 10th in 34:43.

In a separate junior 4-kilometer (2.5 miles) race, Matador Bob Morrison ran the distance in 13:30, good for third place.

Morrison, scheduled to be a sophomore at the Spring Valley school this fall, was a precocious runner during the recently completed track-season, running 4:32 and 9:56.

That race was won by another excellent youngster, Jon Freyer of Point Loma. Running in his back-yard, Freyer took the run with 12:53.8. Freyer was a 9:38 two-miler for the Pointers as a sophomore this last season.

Cremer's and Morrison's Mt. Miguel track careers will have spanned more than 10 years by the time Morrison graduates.

The youngster is in the class of 1972, while Cremer graduated in 1962.

Heiserman will join Morrison this fall to form the nucleus of what should be Mt. Miguel's strongest cross-country team since the fall of 1961, when Cremer and runners like Gerry Mavrinac formed one of the best contingents of harriers in the county.

Social Security News

As a public service to readers, this newspaper presents a question and answer column about the Social Security program.

Sumio Oto, El Cajon Social Security Office Manager, answers questions frequently asked.

Q. My wife became disabled last month after 15 years of social security covered work. If she qualifies for disability benefits, will our two young children be entitled to any payments? If so, will their benefits be affected by my work?

A. Your children will probably be entitled to benefits on your wife's work record, and your earnings will not affect their right to receive benefit payments.

Q. My permanent residence is in California, but I will be in Florida for several months before and after I become 65. Where should I sign up for Medicare?

A. You should sign up during the three months before you reach 65 at the nearest social security office in Florida.

Q. I am almost 65 and have been receiving disability benefits for several years. Will I be eligible for retirement benefits as well as my disability payments when I become 65?

A. No. You can receive only one payment. If your disability continues to 65, your payments will be converted to retirement benefits and will continue to be paid to you in the same amount.

Q. My mother is a Medicare patient in an extended care facility. My brother and I want to rent or purchase a wheelchair for her use. Will Medicare help pay for it?

A. No, not while she is in an extended care facility. Medicare pays for the rental or purchase of durable medical equipment only if it is prescribed by a doctor and is used in the patient's home.

If you have further questions regarding the Social Security Law, contact or write the Social Security Office, 570 North Second st., El Cajon, California 92021. The office is open from 8:30 a.m. until 4:30 p.m., Monday through Friday and until 7:30 p.m. on Wednesdays. The telephone number is 442-0851.

Only Reserved Seats For Lew-Big E Duel

All 14,000 seats of the San Diego International Sports Arena will be sold on a reserved seat basis for the 1969-70 San Diego Rockets home opener, October 22, against Lew Alcindor and the Milwaukee Bucks.

The decision, announced by Rockets president Robert Breitbard, is due to the increased interest in the contest which pits Alcindor against San Diego's all-star center Elvin Hayes.

Breitbard stressed that regular prices will prevail but seats in the general admission section will be sold as reserved seats. Prices for Rocket games are: reserved, $5, $4 and $3, and general admission, $2. High School youths and under may purchase the $3 and $2 seats at a $1 discount.

"We want the fans buying general admission tickets to know that they will have specific seats for this important opener," said Breitbard.

The contest will be the first meeting between Alcindor and Hayes since the NCAA semi-finals in March, 1968. Alcindor, a three-time All-American at UCLA was the No. 1 draft choice in the NBA this year while Hayes, who graduated from the University of Houston in 1968, was the NBA's and Rockets' top pick last year.

Mail reservations for the opener will be accepted starting August 4.

Chargers, Colts Meet Saturday

The San Diego Chargers battle the mighty Baltimore Colts at San Diego Stadium Saturday night in the 1969 pre-season opener for both teams. Kickoff is 8 o'clock.

A funny thing happened to the Colts the last time they played an American Football League team. They lost. Six months later, the Chargers will try to make it two in a row for the AFL over the defending National Football League champions.

Saturday night's game will mark the San Diego debut for Baltimore, which with Cleveland and Pittsburgh will join the Chargers and other present AFL teams to form the American Conference of the realigned NFL in 1970.

San Diego fans will be treated to their first live look at pro football's all-time passing champion, "Mr. Quarterback" Johnny Unitas. Baltimore coach Don Shula plans to share duty against the Chargers between Unitas and starter Earl Morrall, NFL "Player of the Year" in 1968.

The Colts also will display such stars as all-pro tight end John Mackey, scheduled to make his first appearance as a fullback; running back Tom Matte, receivers Willie Richardson and Jimmy Orr and the best defense in the NFL led by giant end Bubba Smith, all-pro linebacker Mike Curtis and all-NFL safety Rich Volk.

Rockets Schedule Clinics

San Diego Rockets will conclude the first half of their summer-long basketball clinics Friday and will begin the next sessions Monday, August 4.

Today at 3 p.m. Rocket players Henry Finkel, Jim Barnett and rookie forward Bobby Smith travel to Mar Vista High gym in Imperial Beach for the final meeting there.

That night at 7 p.m., Barnett, Smith and Art "Hambone" Williams will conduct a clinic at Morse High gym. The final meeting of the first half will be held at 3 p.m. Friday at Pacific Beach Recreation Center with Finkel, Smith and rookie guard Bernie Williams on hand.

The clinics are being held in conjunction with the San Diego Park and Recreation Department. Each meeting lasts two hours and consists of fundamentals of both offensive and defensive basketball. Instruction is designed for youths of high school age and under.

The next four-week session, beginning Monday, will have Rocket players visiting Encanto, San Ysidro, Ocean Beach, Serra Mesa, La Jolla, Allied Gardens and Municipal and Memorial Gyms. The sessions will last through August 29.

Civilian consumption of milk per capita in the U. S. last year was an estimated 576 pounds.

Jr. Olympics Sets Swim Qualifying

Regional Junior Olympic Swimming Championships qualifying three places in each event for the National Junior Olympics in the San Diego area later in August, will be held for California and Nevada on Aug. 6 at the Coronado Municipal Swimming Pool.

Competition will be limited to 11-12 and 13-14 year age groups, the only divisions who will vie in the National Junior Olympics on Aug. 21 in National City Municipal Pool.

Contestants in the Regional meet must have previously met established qualifying times, a factor that will greatly limit the number of competitors.

The national swim meet is part of a program of young Amateur Athletic Union Junior Olympic championships also to be held for the top athletes in the U. S. in track and field, gymnastics and diving during the Aug. 19-21 period.

Quaker Oats is national sponsor. The local meet will be conducted by the Pacific Southwest Association of the AAU in cooperation with the Coronado Park and Recreation Department.

Padres Announce Attractive Events

In an effort to boost disappointing attendance figures, the San Diego Padres have announced several attractive events at San Diego Stadium for the home stand beginning Tuesday with the National League champion St. Louis Cardinals.

A unique "People Counting" contest will begin with the opening game of the home stand with television sets as daily prizes and a 1969 automobile as the grand prize. Fans attending each game will be furnished with blanks on which to record their "guestimates" of the total paid attendance for that particular night.

The first night winner, determined by the closest guess, will receive a TV set and will be the leader in the race for the car. The second night winner will also be awarded a TV set and if his guess is closer to the total paid figure than the previous night, he will be the new leader. The winner and the figure to beat from each night will be announced on the message board the following night.

It is not necessary to purchase a Padre ticket in order to participate in the contest. Fans entering San Diego Stadium free of charge after the seventh inning will be furnished with contest blanks.

Under the "leader" system, it is possible to win the car on any night including the first and last nights of the contest.

HATMOBILE — Guy Hatfield (r.) confers with Hatfield Homes vice-president Larry Wasserman in front of "Hatmobile" sales office to which Hatfield attributes accelerated sales in Lemon Grove. Also pictured is the Hatfield excursionmobile which gives visitors a tour of the development. Lemon Grove models open this week off Golden ave. and Roy st.

Homes Sales Here From 'Hatmobile'

Who else but Guy Hatfield would think of selling homes in a portable 14'x35' office brought in by flatbed truck? The "Hatmobile," located off Golden ave. at Roy st. in Lemon Grove, has been a major factor in the "60% sold" figure reported by Hatfield for the development's first two months.

"The Hatmobile enabled us to begin home sales even before construction began. We had five eager home buyers lined up while the Hatmobile was being installed," the young builder said.

Inside, the Hatmobile is thickly carpeted and accented with indirect lighting. Attractive graphic displays and a leather-upholstered scale home model exhibit invite the attention of prospective buyers.

Despite its success in Lemon Grove, the Hatmobile is destined to move on. It will go to Hatmobile Homes/Poway this week when the Lemon Grove models and permanent sales office are ready.

The three Hatfield Lemon Grove models, open daily from 10 a.m. to 6 p.m., are designed by Henry Bugenhagen & Assoc. and furnished by Robert E. Tuggey Interior Design.

According to Jack Morra, Lemon Grove sales director, new fabric ideas and the unusual use of colors in the models will attract a cross section of the public.

Priced from $23,450, Lemon Grove homes offer three or four bedrooms, two baths and three floor plans with from 1,264 to 1,298 square feet.

Among the features in all 46 homes are 12 distinctive exteriors, carpeting, drapes, disposal, hooded range, family room, fireplace, lanai kitchen and marble pullman.

Hatfield indicated that his San Marcos development in San Marcos Hills is 98% sold, while at Helix Vista on the south side of Mt. Helix, only one home remains.

The young developer recently announced plans for an August ground breaking for 105 homes at Hatfield Homes/Poway in the $18,950 to $21,500 price range.

Local Students On Europe Summer Tour

Nine area students, including six from Monte Vista High School, left July 22 for a summer study tour of Greece and Italy.

The travelers are undertaking a course in Greek and Roman civilization under the auspices of the American Institue for Foreign Study.

They will study at the Hellenic American Union in Athens and at the Societa Dante Alighieri in Rome.

Among the students are Marsha McIntosh, John Culp, Don Kent, Glen Killian, Alan Lambert and George Vila of Monte Vista.

They were joined by three Helix High students, Nicole Aquaviva, Kathy Erickson and John Kay, and one from San Diego High, Nora Dresser.

Mr. and Mrs. Darrell Gould are chaperones for the trip. Gould is a counselor at Helix and Mrs. Gould teaches at Monte Vista.

The group will visit Rome, Athens, Delphi, Delos, Mykonos Rhodes and Crete during their stay in Europe.

The students will attend summer school for three weeks in Athens, where they will stay in the Hotel Alkistis. They will attend a one week summer session in Rome, where they will be quartered at the Loyola University student residence.

Helix Water Passes Test

The 155 000 consumers served by the Helix Irrigation District are drinking water which has met all phases of the bacteriological provisions of the U. S. Public Health Service, according to a letter received by the District from H. J. Ongerth, Chief of the State's Bureau of Sanitary Engineering.

Ongerth added, "This is an excellent record which indicated that water quality is being maintained throughout the distribution system. We encourage you to continue your water quality program which has been proven to be effective."

According to Gordon Ehrhardt, HID Bacteriologist, more than 200 water samples are examined each month which are taken from test points in the District's fifty square mile service area.

In addition about the same number of tests are performed in the chemical laboratory each day to insure that water of the best possible quality is delivered to the consumer.

HID, the second largest water agency in San Diego County, serves the areas of El Cajon, La Mesa, Spring Valley, and Lemon Grove with water treatment and storage facilities located in Lakeside.

Highway Tax Take Tops Billion $

California has become the first State in the history of the nation to receive more than $1 billion in one year from its highway user taxes. According to figures just released by the National Highway Users' Conference, the Golden State received $1,056,247,000 of the total $8.634,411,000 collected in 1968 by all 50 States from America's highway users for State motor fuel, motor vehicle and motor carrier taxes.

The trucking industry of California alone remitted one-third of the State total . . . almost as much as the total sum collected from all sources by the two runner-up States, New York and Texas, according to figures simultaneously released by the California Trucking Association.

According to the CTA, California motor carriers remitted $318,472,645 in such taxes during 1968, while the total receipts of New York and Texas from all highway users were only $559,866,000 and $534,706,000 respectively.

UCSD Students Can Charge Course Fees

This fall, University of California Extension will implement two new policies that will enable students to attend regular UCSD classes and charge all course fees.

Beginning with fall quarter enrollments, University Extension will accept one of the most popular major credit cards BankAmericard) for registration in any University Extension course or conference.

As another innovation, the public will have the chance to enroll in some of UCSD's regular day courses through University Extension, while UCSD students may attend University Extension courses at night.

Approximately 5,000 students are expected to enroll in University Extension courses this fall, a 10 per cent increase over last fall. Summer enrollments have reached a record 2,500.

Residents Study

(Continued from Page 1)

would probably increase the value of the property, the Assessor's office said Monday that no re-assessment would be made except as property is sold and a changed value is established.

A retired real estate dealer, who later identified himself to this publication as Jackson Ammons of Lemon Grove, said that he visited some residents along Palm ave. alerting them hazards of the plan.

A checkup revealed that Ammons had provided erroneous information.

"True facts will be provided at the August 13 meeting," chairman Wermers said.

"Whether property owners want the underground project is up to them but the League's object — and its only object — is to provide a forum so that questions can be answered factually," he said.

The meeting is open to the public.

Couple Arrested

(Continued from page 1)

Gaia never left its farm in Iowa.

The substituted animal, Star Dust, was in itself stolen from Mrs. Lenora K. Thompson who had advertised the use of the mare and a small colt in exchange for boarding the animals.

The Hesses were arrested in February of 1968, but fled to Phoenix before they could be brought to trial.

In an unusual move, Judge Hewicker fined Mrs. Hess $5 000 after she said she would come into an inheritance as large as the fortune of the Kennedy family.

The couple had a new Cadillac and a new mobile home when they were arrested.

One-third of all farm products produced in California are marketed through farmer owned processing and marketing cooperatives. Last year the net value of such marketings totaled $1.5 billion. The principal products handled by California's farmer cooperatives are canned fruit and vegetables, cotton, dried fruit and nuts, citrus and avocados, farm seeds, rice, milk, and milk products, hay, fresh fruit, eggs and wine.

Bridge Opening Changes Traffic

The opening of the San Diego-Coronado bridge set for Saturday will change North Island traffic patterns considerably. Station officials are attempting to anticipate the needs of commuters with facilities and services designed to insure a smooth transition.

To provide parking facilities for the expected influx of vehicles aboard the station, Public Works personnel began work last week on a mammoth, open parking area. Some 1850 spaces will be lined off and ready for use when the bridge opens.

Other parking areas are under consideration should the need for additional spaces become apparent.

The transportation officer indicated that all station buses will connect with parking lot areas routinely.

The most economical method of getting to and from work for North Islanders after the bridge opening is the car pool. A central car pool index has been set up at the Civilian Welfare and Recreation office, Bldg. 415-2.

Civilian employees and military personnel working regular hours may locate riders in their area or request passengers.

Car pool information cards are available from recreation council representatives or at department administration offices as well as as the welfare and recreation office. Cards will be kept on file for use by interested personnel during regular office hours.

Bus transportation to and from the Island has been assured by the San Diego Transit Authority during peak working hours and also for routine service. A time schedule is currently being established based on a question-aire distributed to all hands.

Terminal point for North Island passengers will be the downtown plaza at Third and Broadway taking the established bus route over the bridge and entering the station at Gate 2.

Sentries will board buses at the gate to check passengers badges and I.D. cards.

The bus route aboard station has been designed to be the most convenient for the most North Islanders. Stops will be clearly marked with signs erected by the transit authority.

Board Approves Cost-of-Living Pay Raise

Trustees last week adopted a new salary schedule for classified employes during the Grossmont High School District Board meeting.

The new salary schedule calls for a 5.5 per cent raise across the board, designed to reflect the rising cost-of-living.

No action was taken on certificated salaries pending further study and discussion.

In other action, the Board renominated member Portia B. Goode for membership to the Delegate Assembly of California School Boards Assn.

The Board also authorized the District administration to accept bids for resurfacing two tennis courts at each of four high schools, including Monte Vista High.

C. M. Laffoon, vice president, electric for the San Diego utility, was re-elected chairman of the WEST management committee.

WEST Associates is a group of 23 utilities engaged in planning and coordinating regional power generation and transmission projects. Its members serve all or parts of nine states in the Rocky Mountains and Pacific Southwest.

'Biggest Ever' Dahlia Show Set For Week End

San Diego's annual dahlia show Aug. 2 and 3, which this year will be the national show of the American Dahlia Society as a floral salute to San Diego's 200th birthday, is shaping up to be one of the biggest ever staged in this country.

It will be the biggest ever for the West, according to Victor Kerley, president of the San Diego County Dahlia Society.

From 5,000 to 6,000 colorful blooms are expected to be on exhibition in the Conference Building in Balboa Park. In addition to the specimen bloom display, more than 200 artistic arrangements of dahlias will be featured.

Judging at the show will be by American Dahlia Society officials from other parts of the country, and by judges from the 10 other dahlia societies in California, members of the co-sponsor of the show the Pacific Southwest Dahlia Conference.

Grove Driver Tries For 3rd 8 Win Fri.

Two big nights of racing are on tap again this week-end at Cajon Speedway. Friday night will bring together two of the top all time race drivers and cars on the west coast.

Five time main event winner Bob Hogle of Buena Park driving the Morales Bros. Offy will be challenged again by Al Dombo of Fresno and the Peat Bros. Chevy.

In the Figure 8 action on Friday night Ed Hale of Lemon Grove will be out for win number 3; while 1968 champion Mike Heuslein of Pine Valley is top point leader along with his four wins. More action like last week's eight flips at the intersection by Mark Pemberton, of Lemon Grove will be expected by the fans.

On Saturday night six main event winners will go to the post in the super stock program.

Special attraction this week will be the powder puff ladies race with 12 cars out after three time winner and 1968 champion Diane Porter of Paradise Hills.

The largest percentage of protein in our diets comes from animal foods such as meat, fish, poultry, milk and milk products, and eggs.

Coronado Bridge Auto Rate 60¢

Commuters and motorcyclists using the San Diego-Coronado Bay Bridge will get a break in the tolls when the bridge opens Sunday.

The California Toll Bridge Authority has established a commuter rate of 45 cents for vehicles carrying passenger car license plates and 30 cents for motorcycles. Non-commuter rate is 60 cents.

Regular bridge users will be able to purchase commute books of 50 tickets for $22.50, for passenger cars. The tickets will be good during two consecutive calendar months.

Expo Closes SV Summer Program

"Expo", a morning of exhibits, demonstrations, championship sports, concerts and fashion shows scheduled for Friday, August 1, 9 to 11 a.m., will wind up Spring Valley Junior High's summer session program.

Spencer Church, summer assistant, said parents and friends are invited.

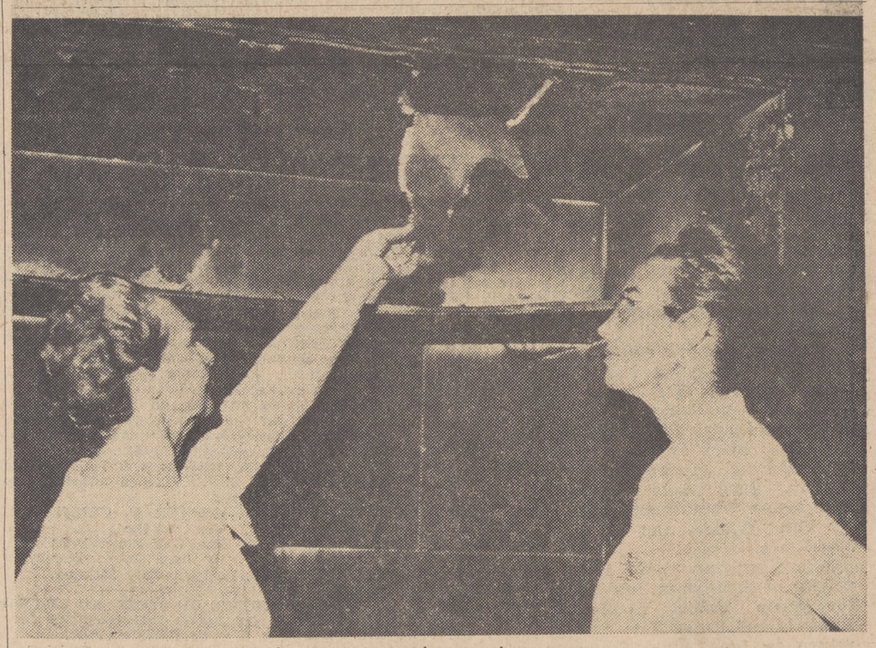
Volley tennis and deck tennis championship games are set for 9:45 a.m.

In the auditorium, math students will take on all comers in mathematics games; a San Diego historical display will also be on exhibit there, Church said.

The Spring Valley Junior High summer session band, directed by Richard Lewis, will play in the patio.

Other exhibits and demonstrations include typing, art, a Philippines bamboo stick dance, woodwork, drafting, homemaking, and library.

Refreshments will be served.



INSPECT DAMAGE — Thelma Lewis and Barbara Hughes of the Spring Valley Community Welfare, Inc., check fire damage after a blaze completely ruined their $1500 worth of stock in their store on Sweetwater rd.
The group has another store still open at 1072 Gillespie st. and requests donations of clothing or any other salable articles.

JULY 13 AFTERMATH

Centers Set For Bail, Complaints

A Bail Fund and five Complaint Centers have been established to assist all persons who were involved in the events during and after the incidents in Mountain View Park on Sunday, July 13.

The purpose of both of these efforts is to insure that all persons involved are guaranteed their rights to due process of law, fair representation in the courts, and adequate protection under the law.

The Bail Fund is being coordinated by Episcopal Community Services (ECS) under the direction of Mel Murphy and Len Depew. The funds are being made available through financial contributions to the Episcopal Community Services Bail Fund, 555 - 19th st., San Diego 92101.

Depew noted that "there is an urgent need for contributions in order to make the Bail Fund a success. Since the Fund is being handled through ECS, all contributions are tax deductible," Depew added.

The five Complaint Centers were established as a result of joint efforts on the part of the American Civil Liberties Union (ACLU), San Diego Urban League and Citizens' Interracial Committee CIC) with the cooperation of various community groups. The purpose of the Centers is to help citizens lodge appropriate complaints and make depositions regarding these complaints and to obtain proper legal advice or assistance.

The Centers began operations on July 19 staffed by attorneys will be on duty from 7 p.m. to 9 p.m. on Mondays through Fridays and from 2 p.m. to 4 p.m. on Saturdays and Sundays.

In addition to providing legal advice, the ACLU attorneys will also advise and consult with volunteer workers at each of these Centers.

These Centers are located at the following addresses: Urban Center, 3004 Imperial ave (233-5195), Emerson CAC 3905 National ave. (262-0761) Urban League, 4261 Market st (263-3115), TAC Starter, 4997 Imperial ave. (262-9997), ACCESS, Ocean View Center 3740 Ocean View bl. (262-7591).

"This is also CIC's basic operational philosophy," states Carrol W. Waymon, Executive Director of that organization.

Fire Guts Welfare Building

Spring Valley Community Welfare Inc. is fighting a setback this week.

A fire in the back room of their Sweetwater rd. store last week ruined almost the entire contents of that store, including some $1500 of dry goods. All that was salvaged was 150 lbs. of rags.

The group is seeking donations of dry goods or any other salable items for a planned new store.

The items may be dropped off at the Texaco Station, Bancroft and Lamar sts.; at 3832 Campo rd. or at the second Welfare store at 1072 Gillespie st.

The Gillespie st. store remains open from 10 a.m. to 3 p.m. weekdays and 10 a.m. to noon on Saturdays.

The group uses profits to help the needy in the Spring Valley area.

Moose Regent Due

Senior Regent Mary Alma Anderson will preside at the enrollment of candidates Tuesday at the Lemon Grove Chapter no. 926, Women of the Moose. The ceremony will be at Moose Hall, 7375 Broadway.

The group meets every first and third Tuesday.
